Subject Index

Adhesions
implantation of pericardial substitutes (Revuelta et al), HOW TO DO IT, 188
Adhesives
use of fibrin glue in thoracic surgery (Jessen and Sharma), 521
Age factors
morbidity and mortality of coronary bypass grafting in patients 70 years of age and older (Montague et al), 552
myasthenia gravis in elderly patients (Monden et al), 433
risk factors for survival following surgical treatment of traumatic aortic rupture (Sturm et al), 418
Airway obstruction
aneurysm of main pulmonary artery in a neonate with airway obstruction and heart failure, long-term survival after pulmonary aneurysmectomy and patent ductus arteriosus ligation (Balsara et al), CASE REPORT, 177
Alcohol, ethyl—adverse effects
ethanol vapor entrapment under drapes (Morritt et al), CORRESPONDENCE, 196
American Board of Thoracic Surgery
origins of the American Board of Thoracic Surgery (Humphreys), CLASSICS IN THORACIC SURGERY, 290
Amino acids, essential
acute renal failure in the cardiovascular surgical patient (Kron et al), CURRENT REVIEW, 590
Amylases, secretion
prospective study of hyperamylasemia and pancreatitis after cardiopulmonary bypass (Svensson et al), 409
Aneurysm
aneurysm of main pulmonary artery in a neonate with airway obstruction and heart failure, long-term survival after pulmonary aneurysmectomy and patent ductus arteriosus ligation (Balsara et al), CASE REPORT, 177
congenital aneurysm of the left atrium (Grinfeld et al), CASE REPORT, 469
congenital intrapericardial aneurysmal dilatation of the left atrial appendage (Coselli et al), CASE REPORT, 466
false aneurysm of aorta secondary to an esophageal foreign body (Bullaboy et al), CASE REPORT, 275
late false aneurysm following replacement of ascending aorta, problem of the Teflon graft in combination with a silk suture anastomosis (Merrill et al), CASE REPORT, 271
simple technique for renal protection during repair of complicated aneurysms (Hummel and Rossi), HOW TO DO IT, 584
surgically treated ventricular aneurysm (Brawley), CORRESPONDENCE, 599; reply (Skinner), CORRESPONDENCE, 599
Aneurysm, dissecting
successful surgical treatment of dissecting left atrial aneurysm after mitral valve replacement (Maeda et al), CASE REPORT, 382
Angiography
emergency coronary artery bypass graft surgery for threatened acute myocardial infarction related to coronary artery catheterization (Roberts et al), 116
Anoxemia
surgical palliation of respiratory insufficiency secondary to massive exuberant polyostotic fibrous dysplasia of the ribs (King et al), CASE REPORT, 185
Anticoagulants
combined techniques for double valve replacement in the infant (Kersten et al), CASE REPORT, 180
Aorta
intraluminal occlusion of calcified aorta (Soltanzadeh), CORRESPONDENCE, 497
Aorta, thoracic—abnormalities
truncus arteriosus with interrupted aortic arch, report of a successful surgical repair (Davis et al), CASE REPORT, 82
Aortic aneurysm
acute renal failure in the cardiovascular surgical patient (Kron et al), CURRENT REVIEW, 590
aneurysm of the sinus of Valsalva with coexistent coronary atherosclerosis (Ghosh et al), CASE REPORT, 579
false aneurysm of the aorta secondary to an esophageal foreign body (Bullaboy et al), CASE REPORT, 275
false aneurysm of the ascending aorta from an expanded polytetrafluoroethylene (Gore-Tex) aortopulmonary shunt (Evans et al), CASE REPORT, 573
late false aneurysm following replacement of ascending aorta, problem of the Teflon graft in combination with a silk suture anastomosis (Merrill et al), CASE REPORT, 271
management of aortic arch aneurysm using profound hypothermia and circulatory arrest (Mahfood et al), 412
rigid intraluminal prosthesis for replacement of thoracic and abdominal aorta (Spagna et al), 47
surgical experience in descending thoracic aneurysmectomy with and without adjuncts to avoid ischemia (Livesay et al), 37
use of the balloon catheter for distal occlusion of the aorta in prosthetic replacement of aortic arch aneurysms (Hirose et al), 538
Aortic rupture
risk factors for survival following surgical treatment of traumatic aortic rupture (Sturm et al), 418
traumatic rupture of the aorta, emergency operation (Pate), 531
Aortic valve, insufficiency
administration of hypothermic cardioplegia in the presence of aortic regurgitation (Robicsek), HOW TO DO IT, 192
Aortic valve, stenosis
transventricular balloon catheter aortic valvotomy in neonates (Brown et al), CASE REPORT, 376
Aortic valve, surgery
long-term assessment of aortic valve replacement with autologous pulmonary valve (Robles et al), 238
transseptal control of the difficult aortic annulus (Rumisek et al), HOW TO DO IT, 335
Aortocoronary bypass
aneurysm of the sinus of Valsalva with coexistent coronary atherosclerosis (Ghosh et al), CASE REPORT, 579
"annuloplasty" of the proximal coronary artery bypass anastomosis (Katz), HOW TO DO IT, 288
ascending–distal aorta bypass (Akl), CORRESPONDENCE, 196
confounding variables (Anderson), EDITORIAL, 104
coronary artery bypass in patients with total laryngectomy (Kaiser and Salerno), HOW TO DO IT, 481
emergency coronary artery bypass graft surgery for threatened acute myocardial infarction related to coronary artery catheterization (Roberts et al), 116
improvement in resting ventricular performance following coronary bypass surgery (Tchervenkov et al), 340
initial proximal versus distal anastomoses (Berger), CORRESPONDENCE, 498; reply (Roberts), CORRESPONDENCE, 498
intraoperative coronary artery spasm (Lough), CORRESPONDENCE, 293; reply (Engelman), CORRESPONDENCE, 293
morbidity and mortality of coronary bypass grafting in patients 70 years of age and older (Montague et al), 552
mortality, morbidity, and cost-accounting related to coronary artery bypass graft surgery in the elderly (Roberts et al), 426

January issue, pp 1–100; February issue, pp 101–198; March issue, pp 199–300; April issue, pp 301–400; May issue, pp 401–500; June issue, pp 501–614.

Aortocoronary bypass *(continued)*
platelet inhibitors and hydroxyethyl starch, safe and cost-effective interventions in coronary artery surgery (Hicks et al), 422
postoperative phrenic nerve palsy in patients with open-heart surgery (Markand et al), 68
prophylaxis of supraventricular tachyarrhythmia after bypass surgery with oral verapamil, randomized, double-blind trial (Davison et al), 336
risks of mitral valve replacement and mitral valve replacement with coronary artery bypass (Magovern et al), 346
simple technique for multigraft cardioplegic infusion during coronary artery bypass (Lawrie), HOW TO DO IT, 483
use of Gore-Tex graft reinforced with external rings in pediatric cardiac surgery (Stark), HOW TO DO IT, 188
Aortocoronary bypass, instrumentation
completely atraumatic pickup forceps designed to hold vein grafts (Robicsek), HOW TO DO IT, 588
Argon
laser photoablation for the treatment of refractory ventricular tachycardia and endocardial fibroelastosis (Cox), EDITORIAL, 199
laser photoablation of pathological endocardium, in vitro finding suggesting a new approach to the surgical treatment of refractory arrhythmias and restrictive cardiomyopathy (Isner et al), 201
Arrhythmia
cardiac rhabdomyoma in neonates (Reece et al), CORRESPONDENCE, 599
electrical behavior of the heart after high-potassium cardioplegia (Preusse), CORRESPONDENCE, 197; reply (Tchervenkov) CORRESPONDENCE, 197
failure of standard cardioplegic techniques to protect the conducting system (Magilligan et al), 403
prophylaxis of supraventricular tachyarrhythmia after bypass surgery with oral verapamil, randomized, double-blind trial (Davison et al), 336
verapamil potassium cardioplegia and cardiac conduction (Hicks and DeWeese), 324
Aspergillosis
surgical management of symptomatic pulmonary aspergilloma (Battaglini et al), 512
Aspergillus fumigatus
surgical management of symptomatic pulmonary aspergilloma (Battaglini et al), 512
Aspirin
late postoperative tamponade following coronary artery bypass grafting in patients on antiplatelet therapy (Breyer et al), 27
platelet inhibitors and hydroxyethyl starch, safe and cost-effective interventions in coronary artery surgery (Hicks et al), 422
Assisted circulation
effective clinical application of ventricular bypass (Pierce), EDITORIAL, 2
hemodynamic effects and mechanism of action of pulmonary artery balloon counterpulsation in treatment of right ventricular failure during left heart bypass (Spence et al), 329
importance of biventricular failure in patients with postoperative cardiogenic shock (Pennington et al), 16
pulmonary artery balloon counterpulsation for treatment of intraoperative right ventricular failure (Symbas et al), 437
Atherosclerosis
aneurysm of the sinus of Valsalva with coexistent coronary atherosclerosis (Ghosh et al), CASE REPORT, 579
Azygos vein, surgery
technique and experience with azygos patch modified Blalock-Taussig anastomosis for congenital cyanotic heart disease (Mills et al), 547
Barlow's syndrome
surgical treatment of mitral systolic click syndrome, results in 37 patients (Reece et al), 155
Biopsy, needle
cervical approach for percutaneous needle biopsy of Pancoast tumors (Paulson et al), HOW TO DO IT, 586
Björk-Shiley valve
Björk-Shiley convexoconcave prosthesis (Murphy), CORRESPONDENCE, 496; reply (Kouchoukos and Marshall), CORRESPONDENCE, 496
Blalock-Taussig shunt
technique and experience with azygos patch modified Blalock-Taussig anastomosis for congenital cyanotic heart disease (Mills et al), 547
Blood flow velocity
some observations on cerebral perfusion during cardiopulmonary bypass (Lundar et al), 318
what is pulsatile flow? (Wright and Furness), EDITORIAL, 401
Blood platelets
routine administration of platelet concentrates (Lambert and Geisler), CORRESPONDENCE, 293; reply (Simon and Akl), CORRESPONDENCE, 294
Blood transfusion
routine administration of platelet concentrates (Lambert and Geisler), CORRESPONDENCE, 293; reply (Simon and Akl), CORRESPONDENCE, 294
Blood vessels
rebound vasospasm after coronary bypass grafting (Grey), CORRESPONDENCE, 292; reply (Engelman), CORRESPONDENCE, 292
Bone neoplasms
primary chest wall tumors (Benfield), EDITORIAL, 1
primary chest wall tumors (Sabanathan et al), 4
Book review
Atlas of Cardiac Surgery, edited by Dillard and Miller (Swain), 520
Congenital Heart Disease after Surgery: Benefits, Residua, Sequelae, edited by Engle and Perloff (Spray), 500
Morphology of Congenital Heart Disease, by Anderson et al (Mentzer), 289
Pathophysiology and Techniques of Cardiopulmonary Bypass: Volume II, edited by Utley (Marbarger), 465
Pocket Manual of Surgical Nutrition, by Cerra (Peters), 289
Problems of the Pleural Space: Major Problems in Clinical Surgery, Vol 28, by Lawrence (Scannell), 211
Reflections on Cardiac Surgery: An Audiocassette Series, edited by McGoon (Peters), 465
The Lung: Radiologic-Pathologic Correlations. Second Edition, by Heitzman (Friedman), 520
Thoracic and Cardiovascular Surgery. Fourth Edition, edited by Glenn et al (Wechsler), 211
Vascular Surgery. Second Edition, edited by Rutherford (Liddle), 516
Bronchi, injuries
Gruentzig balloon catheter dilation for acquired bronchial stenosis in an infant (Groff and Allen), CASE REPORT, 379
Bronchial fistula
use of fibrin glue in thoracic surgery (Jessen and Sharma), 521
Bronchoscopy
extraction of large tracheal foreign bodies through a tracheostoma under bronchoscopic control (Swensson et al), 251
Gruentzig balloon catheter dilation for acquired bronchial stenosis in an infant (Groff and Allen), CASE REPORT, 379
massive hemoptysis in patients with cystic fibrosis, three case reports and a protocol for clinical management (Trento et al), 254

Calcification, physiological
intraluminal occlusion of calcified aorta (Soltanzadeh), CORRESPONDENCE, 497

Calcium
cold ischemic arrest, comparison of calcium-free and calcium-containing solutions (Hendriks et al), 312
Calcium channel blockers
acute renal failure in the cardiovascular surgical patient (Kron et al), CURRENT REVIEW, 590
intraoperative coronary artery spasm (Lough), CORRESPONDENCE, 293; reply (Engelman), CORRESPONDENCE, 293
Carbon dioxide
laser photoablation for the treatment of refractory ventricular tachycardia and endocardial fibroelastosis (Cox), EDITORIAL, 199
laser photoablation of pathological endocardium, in vitro finding suggesting a new approach to the surgical treatment of refractory arrhythmias and restrictive cardiomyopathy (Isner et al), 201
Carcinoma, squamous cell
right-to-left shunting after lobectomy through a patent foramen ovale (Vacek et al), CASE REPORT, 576
Carcinoma, squamous cell—surgery
epidural hematoma as a cause of postpneumonectomy paraplegia (Perez-Guerra and Holland), CASE REPORT, 282
Cardiac output
comparison of nitroglycerin and nitroprusside, II. effects of volume loading (Fremes et al), 61
Cardiac tamponade
late postoperative tamponade following coronary artery bypass grafting in patients on antiplatelet therapy (Breyer et al), 27
Cardioplegia. *See* Heart arrest, induced
Cardiopulmonary bypass
acute renal failure in the cardiovascular surgical patient (Kron et al), CURRENT REVIEW, 590
cardiopulmonary bypass and host defense functions in human beings, I. serum levels and role of immunoglobulins and complement in phagocytosis (van Velzen-Blad et al), 207
cardiopulmonary bypass and host defense functions in human beings, II. lymphocyte function (van Velzen-Blad et al), 212
comparison of nitroglycerin and nitroprusside, I. treatment of postoperative hypertension (Fremes et al), 53
comparison of nitroglycerin and nitroprusside, II. effects of volume loading (Fremes et al), 61
effective clinical application of ventricular bypass (Pierce), EDITORIAL, 2
effects of simulated clinical cardiopulmonary bypass and cardioplegia on mass of the canine left ventricle (Rosenblum et al), 139
hemodynamic effects and mechanism of action of pulmonary artery balloon counterpulsation in treatment of right ventricular failure during left heart bypass (Spence et al), 329
importance of biventricular failure in patients with postoperative cardiogenic shock (Pennington et al), 16
prospective study of hyperamylasemia and pancreatitis after cardiopulmonary bypass (Svensson et al), 409
pulmonary artery balloon counterpulsation for treatment of intraoperative right ventricular failure (Symbas et al), 437
repair of anomalous origin of the right pulmonary artery from the ascending aorta associated with subtotal left cor triatriatum (Sievers et al), CASE REPORT, 80
routine administration of platelet concentrates (Lambert and Geisler), CORRESPONDENCE, 293; reply (Simon and Akl), CORRESPONDENCE, 294
some observations on cerebral perfusion during cardiopulmonary bypass (Lundar et al), 318
verapamil potassium cardioplegia and cardiac conduction (Hicks and DeWeese), 324
Carotid artery, internal
some observations on cerebral perfusion during cardiopulmonary bypass (Lundar et al), 318
Case report
aneurysm of main pulmonary artery in a neonate with airway obstruction and heart failure, long-term survival after pulmonary aneurysmectomy and patent ductus arteriosus ligation (Balsara et al), 177
aneurysm of the sinus of Valsalva with coexistent coronary atherosclerosis (Ghosh et al), 579
biatrial myxoma associated with mitral valve lesion (Yakirevich et al), 563
combined techniques for double valve replacement in the infant (Kersten et al), 180
congenital aneurysm of the left atrium (Grinfeld et al), 469
congenital intrapericardial aneurysmal dilatation of the left atrial appendage (Coselli et al), 466
epidural hematoma as a cause of postpneumonectomy paraplegia (Perez-Guerra and Holland), 282
false aneurysm of the ascending aorta from an expanded polytetrafluoroethylene (Gore-Tex) aortopulmonary shunt (Evans et al), 573
false aneurysm of the aorta secondary to an esophageal foreign body (Bullaboy et al), 275
free-floating ball thrombus in the left atrium after mitral valve replacement, successful surgical management (Blanche et al), 566
Gruentzig balloon catheter dilation for acquired bronchial stenosis in an infant (Groff and Allen), 379
iodine toxicity in a patient treated by continuous povidone-iodine mediastinal irrigation (Glick et al), 478
late false aneurysm following replacement of ascending aorta, problem of the Teflon graft in combination with a silk suture anastomosis (Merrill et al), 271
late *Mycobacterium chelonei* bioprosthetic valve endocarditis, activation of implanted contaminant? (Rumisek et al), 277
long-term patency of polytetrafluoroethylene vascular grafts in coronary artery surgery (Murtra), 86
permanent pacing through a persistent left superior vena cava, approach and report of dual-chambered lead placement (Westerman et al), 174
primary malignant melanoma of the esophagus (Chalkiadakis et al), 472
repair of anomalous origin of the right pulmonary artery from the ascending aorta associated with subtotal left cor triatriatum (Sievers et al), 80
reversible total esophageal exclusion (Lewis and Sisler), 476
right-to-left shunting after lobectomy through a patent foramen ovale (Vacek et al), 576
right ventricular myxoma (Viswanathan et al), 280
spontaneous embolization of a St. Jude prosthetic mitral valve leaflet (Odell et al), 569
successful surgical treatment of dissecting left atrial aneurysm after mitral valve replacement (Maeda et al), 382
surgical palliation of respiratory insufficiency secondary to massive exuberant polyostotic fibrous dysplasia of the ribs (King et al), 185
transventricular balloon catheter aortic valvotomy in neonates (Brown et al), 376
truncus arteriosus with interrupted aortic arch, report of a successful surgical repair (Davis et al), 82
Catheterization
use of the balloon catheter for distal occlusion of the aorta in prosthetic replacement of aortic arch aneurysms (Hirose et al), 538
Catheterization, adverse effects
arch vessel injury during pulmonary artery catheter placement (Kron et al), 223
Catheterization, instrumentation
comparison of flow gradients across disposable arterial perfusion cannulas (Brodman et al), 225
experimental production of a persistent ductus arteriosus for testing catheter closure devices (Warnecke and Bücherl), 441

Chordae tendineae
tricuspid commissurotomy (Revuelta et al), HOW TO DO IT, 489
Choriocarcinoma
resection of pulmonary metastatic choriocarcinoma in 43 drug-resistant patients (Xu et al), 257
Chylothorax
management of chylothorax (Robinson), COLLECTIVE REVIEW, 90
Classics in thoracic surgery
Ludwig Rehn, first successful cardiorrhaphy (Blatchford), 492
origins of the American Board of Thoracic Surgery (Humphreys), 290
Coenzyme Q_{10}
effects of coenzyme Q_{10} added to a potassium cardioplegic solution for myocardial protection during ischemic arrest (Mori and Mohri), 30
Cold
comparison of blood cardioplegia to electrolyte cardioplegia on the effectiveness of preservation of right atrial myocardium, mitochondrial morphometric study (Chen and Lin), 134
intraoperative myocardial protection, comparison of blood and asanguineous cardioplegia (Codd et al), 125
Collective review
management of chylothorax (Robinson), 90
substernal goiter (Katlic et al), 391
Collis-Nissen operation
total fundoplication with or without gastroplasty for gastroesophageal reflux, comparative study (Tomás-Ridocci et al), 508
Comparative study
cold ischemic arrest, comparison of calcium-free and calcium-containing solutions (Hendriks et al), 312
comparison of blood cardioplegia to electrolyte cardioplegia on the effectiveness of preservation of right atrial myocardium, mitochondrial morphometric study (Chen and Lin), 134
comparison of flow gradients across disposable arterial perfusion cannulas (Brodman et al), 225
interactions between pharmacological cardioplegia and hypothermia for intraoperative myocardial protection (Chiavarelli et al), 218
intraoperative myocardial protection, comparison of blood and asanguineous cardioplegia (Codd et al), 125
in vivo hemodynamics of prosthetic St. Jude Medical and Ionescu-Shiley heart valves analyzed by computer (Kawachi et al), 456
Complement
cardiopulmonary bypass and host defense functions in human beings, I. serum levels and role of immunoglobulins and complement in phagocytosis (van Velzen-Blad et al), 207
Computers
in vivo hemodynamics of prosthetic St. Jude Medical and Ionescu-Shiley heart valves analyzed by computer (Kawachi et al), 456
Cor triatriatum, left
repair of anomalous origin of the right pulmonary artery from the ascending aorta associated with subtotal left cor triatriatum (Sievers et al), CASE REPORT, 80
Coronary artery bypass grafting. *See* Aortocoronary bypass
Coronary vessels, surgery
simplified technique for grafting the first septal perforating branch of the left anterior descending coronary artery (Hartz et al), HOW TO DO IT, 194
Correspondence
ascending–distal aorta bypass (Akl), 196
Björk-Shiley convexoconcave prosthesis (Murphy), 496; reply (Kouchoukos and Marshall), 496
cardiac rhabdomyoma in neonates (Reece et al), 599
closure of patent ductus (Dobell), 292; reply (Kron), 292
electrical behavior of the heart after high-potassium cardioplegia (Preusse), 197; reply (Tchervenkov), 197
ethanol vapor entrapment under drapes (Morritt et al), 196
hemorrhage during redo sternotomy (Negre), 97; reply (Dobell), 97
hemorrhage during redo sternotomy (Oropeza), 196; reply (Dobell), 196
hydroxyethyl starch in CABG (Diehl), 97; reply (Kirklin), 97; reply (Belcher), 98
initial proximal versus distal anastomoses (Berger), 498; reply (Roberts), 498
intraluminal occlusion of calcified aorta (Soltanzadeh), 497
intraoperative coronary artery spasm (Lough), 293; reply (Engelman), 293
operative closure of patent ductus (Skinner et al), 96
operative closure of PDA (Merin), 96
Pancoast's tumor (Chardack), 96; reply (Shaw), 96
polypropylene suture fracture (Alajmo and Vaccari), 400
rebound vasospasm after coronary bypass grafting (Grey), 292; reply (Engelman), 292
routine administration of platelet concentrates (Lambert and Geisler), 293; reply (Simon and Akl), 294
surgically treated ventricular aneurysm (Brawley), 599; reply (Skinner), 599
tricuspid valve replacement (Del Campo), 98; reply (Singh), 99
two-patch technique for AV canal defect repair (Subramanian), 498; reply (Bove), 499
Costs and cost analysis
mortality, morbidity, and cost-accounting related to coronary artery bypass graft surgery in the elderly (Roberts et al), 426
platelet inhibitors and hydroxyethyl starch, safe and cost-effective interventions in coronary artery surgery (Hicks et al), 422
Current review
acute renal failure in the cardiovascular surgical patient (Kron et al), 590
Cyclosporins
cardiac transplantation at the Texas Heart Institute, comparative analysis of two groups of patients (1968–1969 and 1982–1983) (Frazier et al), 303
Cystic fibrosis
massive hemoptysis in patients with cystic fibrosis, three case reports and a protocol for clinical management (Trento et al), 254

Deglutition disorders
spiral-grooved endoesophageal tube for management of malignant esophageal obstruction (Wang et al), 503
Diaphragm
phrenic nerve injury complicating closed cardiovascular surgical procedures for congenital heart disease (Zhao et al), 445
Diaphragm, injuries
blunt traumatic rupture of the right hemidiaphragm, experience in 12 patients (Estrera et al), 525
Dipyridamole
late postoperative tamponade following coronary artery bypass grafting in patients on antiplatelet therapy (Breyer et al), 27
platelet inhibitors and hydroxyethyl starch, safe and cost-effective interventions in coronary artery surgery (Hicks et al), 422
Dogs
experimental production of a persistent ductus arteriosus for

testing catheter closure devices (Warnecke and Bücherl), 441
Drainage
percutaneous tube drainage, treatment of choice for refractory lung abscess (Yellin et al), 266
Ductus arteriosus, patent
experimental production of a persistent ductus arteriosus for testing catheter closure devices (Warnecke and Bücherl), 441
Ductus arteriosus, patent—surgery
aneurysm of main pulmonary artery in a neonate with airway obstruction and heart failure, long-term survival after pulmonary aneurysmectomy and patent ductus arteriosus ligation (Balsara et al), CASE REPORT, 177
closure of patent ductus (Dobell), CORRESPONDENCE, 292; reply (Kron), CORRESPONDENCE, 292
developmental sequelae in premature infants undergoing ligation of patent ductus arteriosus (Wilkerson et al), 541
operative closure of patent ductus (Skinner et al), CORRESPONDENCE, 96
operative closure of PDA (Merin), CORRESPONDENCE, 96
phrenic nerve injury complicating closed cardiovascular surgical procedures for congenital heart disease (Zhao et al), 445
Dura mater, transplantation
use of glycerol-preserved homologous dura mater grafts in cardiac surgery, Southampton experience (Osinowo and Ross), 367

Echocardiography
biatrial myxoma associated with mitral valve lesion (Yakirevich et al), CASE REPORT, 563
effects of simulated clinical cardiopulmonary bypass and cardioplegia on mass of the canine left ventricle (Rosenblum et al), 139
right-to-left shunting after lobectomy through a patent foramen ovale (Vacek et al), CASE REPORT, 576
right ventricular myxoma (Viswanathan et al), CASE REPORT, 280
Edema
effects of simulated clinical cardiopulmonary bypass and cardioplegia on mass of the canine left ventricle (Rosenblum et al), 139
Editorial
baffle obstruction following the Mustard operation (Ebert), 103
cardiac transplantation, realities in 1985 (Bolman), 301
confounding variables (Anderson), 104
effective clinical application of ventricular bypass (Pierce), 2
Ionescu-Shiley pericardial xenografts, follow-up of up to 6 years (Gabbay), 101
laser photoablation for the treatment of refractory ventricular tachycardia and endocardial fibroelastosis (Cox), 199
palliative intubation in inoperable esophageal neoplasms (Watson), 501
primary chest wall tumors (Benfield), 1
what is pulsatile flow? (Wright and Furness), 401
Electroanalgesia
effect of transcutaneous electrical nerve stimulation on pain after thoracotomy (Warfield et al), 462
Electrocardiography
use of a three-channel electrocardiographic recorder for limited intracardiac electrocardiography during single- and double-chamber pacemaker implantation (Andersen et al), HOW TO DO IT, 485
Embolism
spontaneous embolization of a St. Jude prosthetic mitral valve leaflet (Odell et al), CASE REPORT, 569
Embolization, therapeutic
massive hemoptysis in patients with cystic fibrosis, three case reports and a protocol for clinical management (Trento et al), 254
Empyema
management of empyema thoracis by thoracoscopy and irrigation (Hutter et al), 517
Endocardial fibroelastosis
laser photoablation for the treatment of refractory ventricular tachycardia and endocardial fibroelastosis (Cox), EDITORIAL, 199
laser photoablation of pathological endocardium, in vitro finding suggesting a new approach to the surgical treatment of refractory arrhythmias and restrictive cardiomyopathy (Isner et al), 201
Endocarditis
transseptal control of the difficult aortic annulus (Rumisek et al), HOW TO DO IT, 385
Endocarditis, subacute bacterial
late *Mycobacterium chelonei* bioprosthetic valve endocarditis, activation of implanted contaminant? (Rumisek et al), CASE REPORT, 277
Endocardium, surgery
complete endocardial cushion defect, late result of repair using the single-patch technique (Stewart et al), 234
Endoscopy
palliative intubation in inoperable esophageal neoplasms (Watson), EDITORIAL, 501
Esophageal neoplasms
palliative intubation in inoperable esophageal neoplasms (Watson), EDITORIAL, 501
primary malignant melanoma of the esophagus (Chalkiadakis et al), CASE REPORT, 472
spiral-grooved endoesophageal tube for management of malignant esophageal obstruction (Wang et al), 503
Esophageal varices
reversible total esophageal exclusion (Lewis and Sisler), CASE REPORT, 476
Esophagitis, septic
total fundoplication with or without gastroplasty for gastroesophageal reflux, comparative study (Tomás-Ridocci et al), 508
Esophagus, surgery
reversible total esophageal exclusion (Lewis and Sisler), CASE REPORT, 476
Extracorporeal circulation
comparison of flow gradients across disposable arterial perfusion cannulas (Brodman et al), 225

Fiber optics
palliative intubation in inoperable esophageal neoplasms (Watson), EDITORIAL, 501
Fibrin
use of fibrin glue in thoracic surgery (Jessen and Sharma), 521
Fibrous dysplasia of bone
surgical palliation of respiratory insufficiency secondary to massive exuberant polyostotic fibrous dysplasia of the ribs (King et al), case report, 185
Fluorouracil
resection of pulmonary metastatic choriocarcinoma in 43 drug-resistant patients (Xu et al), 257
Foley catheter
intraluminal occlusion of calcified aorta (Soltanzadeh), CORRESPONDENCE, 497
Follow-up studies
Björk-Shiley convexoconcave prosthesis (Murphy), CORRESPONDENCE, 496; reply (Kouchoukos and Marshall), CORRESPONDENCE, 496
complete endocardial cushion defect, late result of repair using the single-patch technique (Stewart et al), 234
Ionescu-Shiley pericardial xenografts, follow-up of up to 6 years (Brais et al), 105

Follow-up studies *(continued)*
Ionescu-Shiley pericardial xenografts, follow-up of up to 6 years (Gabbay), EDITORIAL, 101
long-term assessment of aortic valve replacement with autologous pulmonary valve (Robles et al), 238
porcine cardiac bioprostheses, evaluation of long-term results in 990 patients (Zussa et al), 243
risks of mitral valve replacement and mitral valve replacement with coronary artery bypass (Magovern et al), 346
Fontan operation
single ventricle (single- or double-inlet) complicated by subaortic stenosis, surgical options in infancy (Jonas et al), 361
technique of the Fontan procedure with posterior right atrium–pulmonary artery connection (Molina et al), 371
ventricular exclusion during Fontan operation, evolving technique (di Donato et al), HOW TO DO IT, 283
Foreign bodies
extraction of large tracheal foreign bodies through a tracheostoma under bronchoscopic control (Swensson et al), 251
false aneurysm of the aorta secondary to an esophageal foreign body (Bullaboy et al), CASE REPORT, 275
Furosemide
acute renal failure in the cardiovascular surgical patient (Kron et al), CURRENT REVIEW, 590

Gastric fundus, surgery
total fundoplication gastroplasty (Nissen gastroplasty), five-year review (Henderson and Marryatt), 74
total fundoplication with or without gastroplasty for gastroesophageal reflux, comparative study (Tomás-Ridocci et al), 508
Gastroesophageal reflux
total fundoplication with or without gastroplasty for gastroesophageal reflux, comparative study (Tomás-Ridocci et al), 508
Glucose
acute renal failure in the cardiovascular surgical patient (Kron et al), CURRENT REVIEW, 590
Glycerin
use of glycerol-preserved homologous dura mater grafts in cardiac surgery, Southampton experience (Osinowo and Ross), 367
Glyceryl trinitrate
comparison of nitroglycerin and nitroprusside, I. treatment of postoperative hypertension (Fremes et al), 53
comparison of nitroglycerin and nitroprusside, II. effects of volume loading (Fremes et al), 61
Goiter, substernal
substernal goiter (Katlic et al), COLLECTIVE REVIEW, 391
Gruentzig catheter
Gruentzig balloon catheter dilation for acquired bronchial stenosis in an infant (Groff and Allen), CASE REPORT, 379

Heart, injuries
Ludwig Rehn, first successful cardiorrhaphy (Blatchford), CLASSICS IN THORACIC SURGERY, 492
Heart, surgery
arch vessel injury during pulmonary artery catheter placement (Kron et al), 223
cricothyroidotomy for prolonged ventilatory support after cardiac operations (O'Connor et al), 353
ulnar nerve injury with open-heart surgery (Wey and Guinn), 358
use of glycerol-preserved homologous dura mater grafts in cardiac surgery, Southampton experience (Osinowo and Ross), 367
Heart, surgery—adverse effects
phrenic nerve injury complicating closed cardiovascular surgical procedures for congenital heart disease (Zhao et al), 445
Heart, transplantation
cardiac transplantation at the Texas Heart Institute, comparative analysis of two groups of patients (1968–1969 and 1982–1983) (Frazier et al), 303
cardiac transplantation, realities in 1985 (Bolman), EDITORIAL, 301
effect of hypothermic preservation of the heart and lungs on cardiorespiratory function following canine heart-lung transplantation (Feeley et al), 558
further cardiac transplant procedures in patients with heterotopic heart transplants (Novitzky et al), 149
Legionnaires' disease after heart transplantation (Fuller et al), 308
safe technique for aortic anastomosis in orthotopic canine cardiac transplantation (Hashim), HOW TO DO IT, 389
Heart arrest
repair of anomalous origin of the right pulmonary artery from the ascending aorta associated with subtotal left cor triatriatum (Sievers et al), CASE REPORT, 80
Heart arrest, induced
administration of hypothermic cardioplegia in the presence of aortic regurgitation (Robicsek), HOW TO DO IT, 192
cold ischemic arrest, comparison of calcium-free and calcium-containing solutions (Hendriks et al), 312
comparison of blood cardioplegia to electrolyte cardioplegia on the effectiveness of preservation of right atrial myocardium, mitochondrial morphometric study (Chen and Lin), 134
effects of coenzyme Q_{10} added to a potassium cardioplegic solution for myocardial protection during ischemic arrest (Mori and Mohri), 30
effects of simulated clinical cardiopulmonary bypass and cardioplegia on mass of the canine left ventricle (Rosenblum et al), 139
electrical behavior of the heart after high-potassium cardioplegia (Fausse), CORRESPONDENCE, 197; reply (Tchervenkov), CORRESPONDENCE, 197
failure of standard cardioplegic techniques to protect the conducting system (Magilligan et al), 403
interactions between pharmacological cardioplegia and hypothermia for intraoperative myocardial protection (Chiavarelli et al), 218
intraoperative myocardial protection, comparison of blood and asanguineous cardioplegia (Codd et al), 125
management of aortic arch aneurysm using profound hypothermia and circulatory arrest (Mahfood et al), 412
verapamil potassium cardioplegia and cardiac conduction (Hicks and DeWeese), 324
Heart arrest, induced—instrumentation
simple technique for multigraft cardioplegic infusion during coronary artery bypass (Lawrie), HOW TO DO IT, 483
Heart atrium
biatrial myxoma associated with mitral valve lesion (Yakirevich et al), CASE REPORT, 563
comparison of blood cardioplegia to electrolyte cardioplegia on the effectiveness of preservation of right atrial myocardium, mitochondrial morphometric study (Chen and Lin), 134
free-floating ball thrombus in the left atrium after mitral valve replacement, successful surgical management (Blanche et al), CASE REPORT, 566
successful surgical treatment of dissecting left atrial aneurysm after mitral valve replacement (Maeda et al), CASE REPORT, 382
technique of the Fontan procedure with posterior right atrium–pulmonary artery connection (Molina et al), 371
Heart atrium, left
congenital aneurysm of the left atrium (Grinfeld et al), CASE REPORT, 469
congenital intrapericardial aneurysmal dilatation of the left atrial appendage (Coselli et al), CASE REPORT, 466

Heart atrium, surgery
new surgical technique for orthoterminal correction, experimental development (Fantidis et al), 450
Heart catheterization
transventricular balloon catheter aortic valvotomy in neonates (Brown et al), CASE REPORT, 376
Heart catheterization, adverse effects
confounding variables (Anderson), EDITORIAL, 104
emergency coronary artery bypass graft surgery for threatened acute myocardial infarction related to coronary artery catheterization (Roberts et al), 116
Heart defects, congenital
congenital aneurysm of the left atrium (Grinfeld et al), CASE REPORT, 469
congenital intrapericardial aneurysmal dilatation of the left atrial appendage (Coselli et al), CASE REPORT, 466
phrenic nerve injury complicating closed cardiovascular surgical procedures for congenital heart disease (Zhao et al), 445
Heart defects, congenital—surgery
two-patch technique for AV canal defect repair (Subramanian), CORRESPONDENCE, 498; reply (Bove), CORRESPONDENCE, 499
Heart failure, congestive
aneurysm of main pulmonary artery in a neonate with airway obstruction and heart failure, long-term survival after pulmonary aneurysmectomy and patent ductus arteriosus ligation (Balsara et al), CASE REPORT, 177
combined techniques for double valve replacement in the infant (Kersten et al), CASE REPORT, 180
pulmonary artery balloon counterpulsation for treatment of intraoperative right ventricular failure (Symbas et al), 437
surgical palliation of respiratory insufficiency secondary to massive exuberant polyostotic fibrous dysplasia of the ribs (King et al), CASE REPORT, 185
Heart failure, induced
simplified technique for grafting the first septal perforating branch of the left anterior descending coronary artery (Hartz et al), HOW TO DO IT, 194
Heart neoplasms
cardiac rhabdomyoma in neonates (Reece et al), CORRESPONDENCE, 599
right ventricular myxoma (Viswanathan et al), CASE REPORT, 280
Heart neoplasms, surgery
biatrial myxoma associated with mitral valve lesion (Yakirevich et al), CASE REPORT, 563
Heart septal defects, atrial
right-to-left shunting after lobectomy through a patent foramen ovale (Vacek et al), CASE REPORT, 576
Heart valve diseases, surgery
postoperative phrenic nerve palsy in patients with open-heart surgery (Markand et al), 68
Heart valve prosthesis
Björk-Shiley convexoconcave prosthesis (Murphy), CORRESPONDENCE, 496; reply (Kouchoukos and Marshall), CORRESPONDENCE, 496
combined techniques for double valve replacement in the infant (Kersten et al), CASE REPORT, 180
in vivo hemodynamics of prosthetic St. Jude Medical and Ionescu-Shiley heart valves analyzed by computer (Kawachi et al), 456
Ionescu-Shiley pericardial xenografts, follow-up of up to 6 years (Brais et al), 105
Ionescu-Shiley pericardial xenografts, follow-up of up to 6 years (Gabbay), EDITORIAL, 101
late *Mycobacterium chelonei* bioprosthetic valve endocarditis, activation of implanted contaminant? (Rumisek et al), CASE REPORT, 277
long-term assessment of aortic valve replacement with autologous pulmonary valve (Robles et al), 238
porcine cardiac bioprostheses, evaluation of long-term results in 990 patients (Zussa et al), 243
Heart valves, surgery
combined techniques for double valve replacement in the infant (Kersten et al), CASE REPORT, 180
Heart ventricle
effects of simulated clinical cardiopulmonary bypass and cardioplegia on mass of the canine left ventricle (Rosenblum et al), 139
hemodynamic effects and mechanism of action of pulmonary artery balloon counterpulsation in treatment of right ventricular failure during left heart bypass (Spence et al), 329
importance of biventricular failure in patients with postoperative cardiogenic shock (Pennington et al), 16
improvement in resting ventricular performance following coronary bypass surgery (Tchervenkov et al), 340
laser photoablation for the treatment of refractory ventricular tachycardia and endocardial fibroelastosis (Cox), EDITORIAL, 199
laser photoablation of pathological endocardium, in vitro finding suggesting a new approach to the surgical treatment of refractory arrhythmias and restrictive cardiomyopathy (Isner et al), 201
right ventricular myxoma (Viswanathan et al), CASE REPORT, 280
ventricular exclusion during Fontan operation, evolving technique (di Donato et al), HOW TO DO IT, 283
Heart ventricle, abnormalities
new surgical technique for orthoterminal correction, experimental development (Fantidis et al), 450
single ventricle (single- or double-inlet) complicated by subaortic stenosis, surgical options in infancy (Jonas et al), 361
Heart ventricle, surgery
effective clinical application of ventricular bypass (Pierce), EDITORIAL, 2
pulmonary artery balloon counterpulsation for treatment of intraoperative right ventricular failure (Symbas et al), 437
surgically treated ventricular aneurysm (Brawley), CORRESPONDENCE, 599; reply (Skinner), CORRESPONDENCE, 599
Hematoma, epidural
epidural hematoma as a cause of postpneumonectomy paraplegia (Perez-Guerra and Holland), CASE REPORT, 282
Hemodialysis
acute renal failure in the cardiovascular surgical patient (Kron et al), CURRENT REVIEW, 590
traumatic rupture of the aorta, emergency operation (Pate), 531
Hemodynamics
in vivo hemodynamics of prosthetic St. Jude Medical and Ionescu-Shiley heart valves analyzed by computer (Kawachi et al), 456
Hemoptysis
massive hemoptysis in patients with cystic fibrosis, three case reports and a protocol for clinical management (Trento et al), 254
Hemorrhage
hemorrhage during redo sternotomy (Negre), CORRESPONDENCE, 97; reply (Dobell), CORRESPONDENCE, 97
hemorrhage during redo sternotomy (Oropeza), CORRESPONDENCE, 196; reply (Dobell), CORRESPONDENCE, 196
Hemorrhage, gastrointestinal
reversible total esophageal exclusion (Lewis and Sisler), CASE REPORT, 476
Hernia, diaphragmatic—traumatic
traumatic diaphragmatic hernia, continuing challenge (Brown and Richardson), 170
Hernia, hiatal—surgery
total fundoplication gastroplasty (Nissen gastroplasty), five-year review (Henderson and Marryatt), 74
How to do it
administration of hypothermic cardioplegia in the presence of aortic regurgitation (Robicsek), 192

How to do it *(continued)*
"annuloplasty" of the proximal coronary artery bypass anastomosis (Katz), 288
cervical approach for percutaneous needle biopsy of Pancoast tumors (Paulson et al), 586
completely atraumatic pickup forceps designed to hold vein grafts (Robicsek), 588
coronary artery bypass in patients with total laryngectomy (Kaiser and Salerno), 481
implantation of pericardial substitutes (Revuelta et al), 188
internal mammary retractor (Beg et al), 286
Mersilene ribbon closure of the median sternotomy, improvement over wire closure (Johnston et al), 88
safe technique for aortic anastomosis in orthotopic canine cardiac transplantation (Hashim), 389
simple technique for multigraft cardioplegic infusion during coronary artery bypass (Lawrie), 483
simple technique for renal protection during repair of complicated aneurysms (Hummel and Rossi), 584
simple test to determine the efficiency of mammary artery grafts during operation (Robicsek), 388
simplified technique for grafting the first septal perforating branch of the left anterior descending coronary artery (Hartz et al), 194
superior sternal cleft, repair in the newborn (Salley and Stewart), 582
transoral cervical esophagogastrostomy using the EEA stapling device (Ancalmo and Knabb), 387
transseptal control of the difficult aortic annulus (Rumisek et al), 385
tricuspid commissurotomy (Revuelta et al), 489
use of Gore-Tex graft reinforced with external rings in pediatric cardiac surgery (Stark), 188
use of a three-channel electrocardiographic recorder for limited intracardiac electrocardiography during single- and double-chamber pacemaker implantation (Andersen et al), 485
ventricular exclusion during Fontan operation, evolving tecnique (di Donato et al), 283
Hydroxyethyl starch
hydroxyethyl starch in CABG (Diehl), CORRESPONDENCE, 97; reply (Kirklin), CORRESPONDENCE, 97; reply (Belcher), CORRESPONDENCE, 98
platelet inhibitors and hydroxyethyl starch, safe and cost-effective interventions in coronary artery surgery (Hicks et al), 422
Hypertension
comparison of nitroglycerin and nitroprusside, I. treatment of postoperative hypertension (Fremes et al), 53
comparison of nitroglycerin and nitroprusside, II. effects of volume loading (Fremes et al), 61
Hypertension, pulmonary
repair of anomalous origin of the right pulmonary artery from the ascending aorta associated with subtotal left cor triatriatum (Sievers et al), CASE REPORT, 80
surgical palliation of respiratory insufficiency secondary to massive exuberant polyostotic fibrous dysplasia of the ribs (King et al), CASE REPORT, 185
Hypothermia, induced
effect of hypothermic preservation of the heart and lungs on cardiorespiratory function following canine heart-lung transplantation (Feeley et al), 558
interactions between pharmacological cardioplegia and hypothermia for intraoperative myocardial protection (Chiavarelli et al), 218
management of aortic arch aneurysm using profound hypothermia and circulatory arrest (Mahfood et al), 412
use of the balloon catheter for distal occlusion of the aorta in prosthetic replacement of aortic arch aneurysms (Hirose et al), 538
Immunoglobulins
cardiopulmonary bypass and host defense functions in human beings, I. serum levels and role of immunoglobulins and complement in phagocytosis (van Velzen-Blad et al), 207
Infant, premature
developmental sequelae in premature infants undergoing ligation of patent ductus arteriosus (Wilkerson et al), 541
Intraoperative complications
hemorrhage during redo sternotomy (Negre), CORRESPONDENCE, 97; reply (Dobell), CORRESPONDENCE, 97
Intubation
palliative intubation in inoperable esophageal neoplasms (Watson), EDITORIAL, 501
spiral-grooved endoesophageal tube for management of malignant esophageal obstruction (Wang et al), 503
Ionescu-Shiley valve
in vivo hemodynamics of prosthetic St. Jude Medical and Ionescu-Shiley heart valves analyzed by computer (Kawachi et al), 456
Ionescu-Shiley pericardial xenografts, follow-up of up to 6 years (Brais et al), 105
Ionescu-Shiley pericardial xenografts, follow-up of up to 6 years (Gabbay), EDITORIAL, 101
Irrigation
management of empyema thoracis by thoracoscopy and irrigation (Hutter et al), 517
Ischemia
comparison of nitroglycerin and nitroprusside, I. treatment of postoperative hypertension (Fremes et al), 53
comparison of nitroglycerin and nitroprusside, II. effects of volume loading (Fremes et al), 61
effects of coenzyme Q_{30} added to a potassium cardioplegic solution for myocardial protection during ischemic arrest (Mori and Mohri), 30
surgical experience in descending thoracic aneurysmectomy with and without adjuncts to avoid ischemia (Livesay et al), 37

Kidney failure, acute
acute renal failure in the cardiovascular surgical patient (Kron et al), CURRENT REVIEW, 590
surgical experience in descending thoracic aneurysmectomy with and without adjuncts to avoid ischemia (Livesay et al), 37

Laryngeal cartilages, surgery
cricothyroidotomy for prolonged ventilatory support after cardiac operations (O'Connor et al), 353
Laryngectomy
coronary artery bypass in patients with total laryngectomy (Kaiser and Salerno), HOW TO DO IT, 481
Lasers
laser photoablation for the treatment of refractory ventricular tachycardia and endocardial fibroelastosis (Cox), EDITORIAL, 199
laser photoablation of pathological endocardium, in vitro finding suggesting a new approach to the surgical treatment of refractory arrhythmias and restrictive cardiomyopathy (Isner et al), 201
Legionnaires' Disease
Legionnaires' disease after heart transplantation (Fuller et al), 308
Lung, transplantation
effect of hypothermic preservation of the heart and lungs on cardiorespiratory function following canine heart-lung transplantation (Feeley et al), 558
Lung abscess
percutaneous tube drainage, treatment of choice for refractory lung abscess (Yellin et al), 266

Lung diseases, fungal
surgical management of symptomatic pulmonary aspergilloma (Battaglini et al), 512
Lung neoplasms, surgery
epidural hematoma as a cause of postpneumonectomy paraplegia (Perez-Guerra and Holland), CASE REPORT, 282
method for predicting postoperative lung function and its relation to postoperative complications in patients with lung cancer (Nakahara et al), 260
resection of pulmonary metastatic choriocarcinoma in 43 drug-resistant patients (Xu et al), 257
right-to-left shunting after lobectomy through a patent foramen ovale (Vacek et al), CASE REPORT, 576
Lymphocytes
cardiopulmonary bypass and host defense functions in human beings, II. lymphocyte function (van Velzen-Blad et al), 212

Mammary arteries, surgery
internal mammary retractor (Beg et al), HOW TO DO IT, 286
Mammary arteries, transplantation
simple test to determine the efficiency of mammary artery grafts during operation (Robicsek), HOW TO DO IT, 388
Mannitol
acute renal failure in the cardiovascular surgical patient (Kron et al), CURRENT REVIEW, 590
Mediastinitis
iodine toxicity in a patient treated by continuous povidone-iodine mediastinal irrigation (Glick et al), CASE REPORT, 478
Melanoma
primary malignant melanoma of the esophagus (Chalkiadakis et al), CASE REPORT, 472
Mitochondria, heart
comparison of blood cardioplegia to electrolyte cardioplegia on the effectiveness of preservation of right atrial myocardium, mitochondrial morphometric study (Chen and Lin), 134
effects of coenzyme Q_{10} added to a potassium cardioplegic solution for myocardial protection during ischemic arrest (Mori and Mohri), 30
Mitral valve, prolapse
surgical treatment of mitral systolic click syndrome, results in 37 patients (Reece et al), 155
Mitral valve, surgery
biatrial myxoma associated with mitral valve lesion (Yakirevich et al), CASE REPORT, 563
free-floating ball thrombus in the left atrium after mitral valve replacement, successful surgical management (Blanche et al), CASE REPORT, 566
risks of mitral valve replacement and mitral valve replacement with coronary artery bypass (Magovern et al), 346
spontaneous embolization of a St. Jude prosthetic mitral valve leaflet (Odell et al), CASE REPORT, 569
successful surgical treatment of dissecting left atrial aneurysm after mitral valve replacement (Maeda et al), CASE REPORT, 382
surgical treatment of mitral systolic click syndrome, results in 37 patients (Reece et al), 155
Mitral valve, stenosis
new surgical technique for orthoterminal correction, experimental development (Fantidis et al), 450
Models, biological
interactions between pharmacological cardioplegia and hypothermia for intraoperative myocardial protection (Chiavarelli et al), 218
Mustard procedure
baffle obstruction following the Mustard operation (Ebert), EDITORIAL, 103
baffle obstruction following the Mustard operation, cause and treatment (Kron et al), 112

Myasthenia gravis
myasthenia gravis in elderly patients (Monden et al), 433
recurrence of thymoma, clinicopathological features, therapy, and prognosis (Monden et al), 165
Mycobacterial infections
late *Mycobacterium chelonei* bioprosthetic valve endocarditis, activation of implanted contaminant? (Rumisek et al), CASE REPORT, 277
Myocardial infarction
confounding variables (Anderson), EDITORIAL, 104
emergency coronary artery bypass graft surgery for threatened acute myocardial infarction related to coronary artery catheterization (Roberts et al), 116
hemodynamic effects and mechanism of action of pulmonary artery balloon counterpulsation in treatment of right ventricular failure during left heart bypass (Spence et al), 329
Myocardial revascularization
hydroxyethyl starch in CABG (Diehl), CORRESPONDENCE, 97; reply (Kirklin), CORRESPONDENCE, 97; reply (Belcher), CORRESPONDENCE, 98
improvement in resting ventricular performance following coronary bypass surgery (Tchervenkov et al), 340
intraoperative myocardial protection, comparison of blood and asanguineous cardioplegia (Codd et al), 125
late postoperative tamponade following coronary artery bypass grafting in patients on antiplatelet therapy (Breyer et al), 27
long-term patency of polytetrafluoroethylene vascular grafts in coronary artery surgery (Murtra), CASE REPORT, 86
simplified technique for grafting the first septal perforating branch of the left anterior descending coronary artery (Hartz et al), HOW TO DO IT, 194
Myxoma
biatrial myxoma associated with mitral valve lesion (Yakirevich et al), CASE REPORT, 563
right ventricular myxoma (Viswanathan et al), CASE REPORT, 280

Neoplasm recurrence, local
recurrence of thymoma, clinicopathological features, therapy, and prognosis (Monden et al), 165
Nerve compression syndromes
ulnar nerve injury with open-heart surgery (Wey and Guinn), 358
Nissen gastroplasty
total fundoplication gastroplasty (Nissen gastroplasty), five-year review (Henderson and Marryatt), 74
Nissen operation
total fundoplication with or without gastroplasty for gastroesophageal reflux, comparative study (Tomás-Ridocci et al), 508
Nitroprusside
comparison of nitroglycerin and nitroprusside, I. treatment of postoperative hypertension (Fremes et al), 53
comparison of nitroglycerin and nitroprusside, II. effects of volume loading (Fremes et al), 61
Norwood operation
single ventricle (single- or double-inlet) complicated by subaortic stenosis, surgical options in infancy (Jonas et al), 361

Organ preservation
effect of hypothermic preservation of the heart and lungs on cardiorespiratory function following canine heart-lung transplantation (Feeley et al), 558

Pacemaker, artificial
permanent pacing through a persistent left superior vena cava, approach and report of dual-chambered lead placement (Westerman et al), CASE REPORT, 174

Pacemaker, artificial *(continued)*
use of a three-channel electrocardiographic recorder for limited intracardiac electrocardiography during single- and double-chamber pacemaker implantation (Andersen et al), HOW TO DO IT, 485
Pain, postoperative
effect of transcutaneous electrical nerve stimulation on pain after thoracotomy (Warfield et al), 462
Pancoast's syndrome
cervical approach for percutaneous needle biopsy of Pancoast tumors (Paulson et al), HOW TO DO IT, 586
Pancoast's tumor (Chardack), CORRESPONDENCE, 96; reply (Shaw), CORRESPONDENCE, 96
Pancreatitis
prospective study of hyperamylasemia and pancreatitis after cardiopulmonary bypass (Svensson et al), 409
Paraplegia
epidural hematoma as a cause of postpneumonectomy paraplegia (Perez-Guerra and Holland), CASE REPORT, 282
surgical experience in descending thoracic aneurysmectomy with and without adjuncts to avoid ischemia (Livesay et al), 37
traumatic rupture of the aorta, emergency operation (Pate), 531
Pericardium, surgery
implantation of pericardial substitutes (Revuelta et al), HOW TO DO IT, 188
Phagocytosis
cardiopulmonary bypass and host defense functions in human beings, I. serum levels and role of immunoglobulins and complement in phagocytosis (van Velzen-Blad et al), 207
Phrenic nerve, injuries
phrenic nerve injury complicating closed cardiovascular surgical procedures for congenital heart disease (Zhao et al), 445
postoperative phrenic nerve palsy in patients with open-heart surgery (Markand et al), 68
Pneumonectomy, adverse effects
epidural hematoma as a cause of postpneumonectomy paraplegia (Perez-Guerra and Holland), CASE REPORT, 282
Polyethylene terephthalate
baffle obstruction following the Mustard operation (Ebert), EDITORIAL, 103
baffle obstruction following the Mustard operation, cause and treatment (Kron et al), 112
Polypropylenes, adverse effects
polypropylene suture fracture (Alajmo and Vaccari), CORRESPONDENCE, 400
Polytetrafluoroethylene
false aneurysm of the ascending aorta from an expanded polytetrafluoroethylene (Gore-Tex) aortopulmonary shunt (Evans et al), CASE REPORT, 573
long-term patency of polytetrafluoroethylene vascular grafts in coronary artery surgery (Murtra), CASE REPORT, 86
use of Gore-Tex graft reinforced with external rings in pediatric cardiac surgery (Stark), HOW TO DO IT, 188
Polytetrafluoroethylene, adverse effects
late false aneurysm following replacement of ascending aorta, problem of the Teflon graft in combination with a silk suture anastomosis (Merrill et al), CASE REPORT, 271
Postoperative complications
baffle obstruction following the Mustard operation (Ebert), EDITORIAL, 103
baffle obstruction following the Mustard operation, cause and treatment (Kron et al), 112
method for predicting postoperative lung function and its relation to postoperative complications in patients with lung cancer (Nakahara et al), 260
postoperative phrenic nerve palsy in patients with open-heart surgery (Markand et al), 68
prospective study of hyperamylasemia and pancreatitis after cardiopulmonary bypass (Svensson et al), 409
upper rib fractures following median sternotomy (Woodring et al), 355
Potassium
effects of coenzyme Q_{10} added to a potassium cardioplegic solution for myocardial protection during ischemic arrest (Mori and Mohri), 30
electrical behavior of the heart after high-potassium cardioplegia (Preusse), CORRESPONDENCE, 197; reply (Tchervenkov), CORRESPONDENCE, 197
Povidone-iodine, adverse effects
iodine toxicity in a patient treated by continuous povidone-iodine mediastinal irrigation (Glick et al), CASE REPORT, 478
Propranolol
prophylaxis of supraventricular tachyarrhythmia after bypass surgery with oral verapamil, randomized, double-blind trial (Davison et al), 336
Prosthesis
rigid intraluminal prosthesis for replacement of thoracic and abdominal aorta (Spagna et al), 47
Pulmonary artery
arch vessel injury during pulmonary artery catheter placement (Kron et al), 223
pulmonary artery balloon counterpulsation for treatment of intraoperative right ventricular failure (Symbas et al), 437
Pulmonary artery, abnormalities
aneurysm of main pulmonary artery in a neonate with airway obstruction and heart failure, long-term survival after pulmonary aneurysmectomy and patent ductus arteriosus ligation (Balsara et al), CASE REPORT, 177
repair of anomalous origin of the right pulmonary artery from the ascending aorta associated with subtotal left cor triatriatum (Sievers et al), CASE REPORT, 80
Pulmonary artery, surgery
hemodynamic effects and mechanism of action of pulmonary artery balloon counterpulsation in treatment of right ventricular failure during left heart bypass (Spence et al), 329
new surgical technique for orthoterminal correction, experimental development (Fantidis et al), 450
technique and experience with azygos patch modified Blalock-Taussig anastomosis for congenital cyanotic heart disease (Mills et al), 547
technique of the Fontan procedure with posterior right atrium–pulmonary artery connection (Molina et al), 371
Pulmonary valve, abnormalities
technique and experience with azygos patch modified Blalock-Taussig anastomosis for congenital cyanotic heart disease (Mills et al), 547
Pulmonary valve, stenosis
pulmonary stenosis in infants and young children (Polansky et al), 159
technique and experience with azygos patch modified Blalock-Taussig anastomosis for congenital cyanotic heart disease (Mills et al), 547
Pulmonary valve, surgery
long-term assessment of aortic valve replacement with autologous pulmonary valve (Robles et al), 238
pulmonary stenosis in infants and young children (Polansky et al), 159
Pulse
what is pulsatile flow? (Wright and Furness), EDITORIAL, 401

Rehn, Ludwig
Ludwig Rehn, first successful cardiorrhaphy (Blatchford), CLASSICS IN THORACIC SURGERY, 492
Renal circulation
simple technique for renal protection during repair of complicated aneurysms (Hummel and Rossi), HOW TO DO IT, 584

Replantation
further cardiac transplant procedures in patients with heterotopic heart transplants (Novitzky et al), 149
Respiration, artificial
cricothyroidotomy for prolonged ventilatory support after cardiac operations (O'Connor et al), 353
Respiratory function tests
method for predicting postoperative lung function and its relation to postoperative complications in patients with lung cancer (Nakahara et al), 260
Respiratory insufficiency
surgical palliation of respiratory insufficiency secondary to massive exuberant polyostotic fibrous dysplasia of the ribs (King et al), CASE REPORT, 185
Rhabdomyoma
cardiac rhabdomyoma in neonates (Reece et al), CORRESPONDENCE, 599
Rib fractures
upper rib fractures following median sternotomy (Woodring et al), 355
Ribs, pathology
surgical palliation of respiratory insufficiency secondary to massive exuberant polyostotic fibrous dysplasia of the ribs (King et al), CASE REPORT, 185
Ribs, surgery
primary chest wall tumors (Benfield), EDITORIAL, 1
primary chest wall tumors (Sabanathan et al), 4

St. Jude valve
in vivo hemodynamics of prosthetic St. Jude Medical and Ionescu-Shiley heart valves analyzed by computer (Kawachi et al), 456
spontaneous embolization of a St. Jude prosthetic mitral valve leaflet (Odell et al), CASE REPORT, 569
Sarcoidosis
surgical management of symptomatic pulmonary aspergilloma (Battaglini et al), 512
Shock, cardiogenic
importance of biventricular failure in patients with postoperative cardiogenic shock (Pennington et al), 16
Sinus of Valsalva
aneurysm of the sinus of Valsalva with coexistent coronary atherosclerosis (Ghosh et al), CASE REPORT, 579
Spasm
rebound vasospasm after coronary bypass grafting (Grey), CORRESPONDENCE, 292; reply (Engelman), CORRESPONDENCE, 292
Sternum, abnormalities
superior sternal cleft, repair in the newborn (Salley and Stewart), HOW TO DO IT, 582
Sternum, surgery
hemorrhage during redo sternotomy (Negre), CORRESPONDENCE, 97; reply (Dobell), CORRESPONDENCE, 97
hemorrhage during redo sternotomy (Oropeza), CORRESPONDENCE, 196; reply (Dobell), CORRESPONDENCE, 196
iodine toxicity in a patient treated by continuous povidone-iodine mediastinal irrigation (Glick et al), CASE REPORT, 478
Mersilene ribbon closure of the median sternotomy, improvement over wire closure (Johnston et al), HOW TO DO IT, 88
primary chest wall tumors (Benfield), EDITORIAL, 1
primary chest wall tumors (Sabanathan et al), 4
upper rib fractures following median sternotomy (Woodring et al), 355
Stomach, surgery
transoral cervical esophagogastrostomy using the EEA stapling device (Ancalmo and Knabb), HOW TO DO IT, 387
Subclavian artery, surgery
technique and experience with azygos patch modified Blalock-Taussig anastomosis for congenital cyanotic heart disease (Mills et al), 547
Surgical instruments
comparison of flow gradients across disposable arterial perfusion cannulas (Brodman et al), 225
completely atraumatic pickup forceps designed to hold vein grafts (Robicsek), HOW TO DO IT, 588
internal mammary retractor (Beg et al), HOW TO DO IT, 286
Surgical staplers
transoral cervical esophagogastrostomy using the EEA stapling device (Ancalmo and Knabb), HOW TO DO IT, 387
Suture techniques
"annuloplasty" of the proximal coronary artery bypass anastomosis (Katz), HOW TO DO IT, 288
complete endocardial cushion defect, late result of repair using the single-patch technique (Stewart et al), 234
implantation of pericardial substitutes (Revuelta et al), HOW TO DO IT, 188
Mersilene ribbon closure of the median sternotomy, improvement over wire closure (Johnston et al), HOW TO DO IT, 88
safe technique for aortic anastomosis in orthotopic canine cardiac transplantation (Hashim), HOW TO DO IT, 389
simplified technique for grafting the first septal perforating branch of the left anterior descending coronary artery (Hartz et al), HOW TO DO IT, 194
total fundoplication gastroplasty (Nissen gastroplasty), five-year review (Henderson and Marryatt), 74
transseptal control of the difficult aortic annulus (Rumisek et al), HOW TO DO IT, 385
Sutures, adverse effects
late false aneurysm following replacement of ascending aorta, problem of the Teflon graft in combination with a silk suture anastomosis (Merrill et al), CASE REPORT, 271

Tachycardia
laser photoablation for the treatment of refractory ventricular tachycardia and endocardial fibroelastosis (Cox), EDITORIAL, 199
laser photoablation of pathological endocardium, in vitro finding suggesting a new approach to the surgical treatment of refractory arrhythmias and restrictive cardiomyopathy (Isner et al), 201
Temperature
simple test to determine efficiency of mammary artery grafts during operation (Robicsek), HOW TO DO IT, 388
Tetralogy of Fallot, surgery
false aneurysm of the ascending aorta from an expanded polytetrafluoroethylene (Gore-Tex) aortopulmonary shunt (Evans et al), CASE REPORT, 573
Thoracic duct, physiopathology
management of chylothorax (Robinson), COLLECTIVE REVIEW, 90
Thoracic neoplasms
cervical approach for percutaneous needle biopsy of Pancoast tumors (Paulson et al), HOW TO DO IT, 586
Thoracic surgery
effect of transcutaneous electrical nerve stimulation on pain after thoracotomy (Warfield et al), 462
Thoracoscopy
management of empyema thoracis by thoracoscopy and irrigation (Hutter et al), 517
Thrombosis
Björk-Shiley convexoconcave prosthesis (Murphy), CORRESPONDENCE, 496; reply (Kouchoukos and Marshall), CORRESPONDENCE, 496
Thrombus
free-floating ball thrombus in the left atrium after mitral valve replacement, successful surgical management (Blanche et al), CASE REPORT, 566
Thymectomy
myasthenia gravis in elderly patients (Monden et al), 433

Thymoma
recurrence of thymoma, clinicopathological features, therapy, and prognosis (Monden et al), 165
Thymoma, surgery
myasthenia gravis in elderly patients (Monden et al), 433
Thymus neoplasms
recurrence of thymoma, clinicopathological features, therapy, and prognosis (Monden et al), 165
Tracheotomy
cricothyroidotomy for prolonged ventilatory support after cardiac operations (O'Connor et al), 353
extraction of large tracheal foreign bodies through a tracheostoma under bronchoscopic control (Swensson et al), 251
Transplantation, homologous
cardiac transplantation at the Texas Heart Institute, comparative analysis of two groups of patients (1968–1969 and 1982–1983) (Frazier et al), 303
cardiac transplantation, realities in 1985 (Bolman), EDITORIAL, 301
effect of hypothermic preservation of the heart and lungs on cardiorespiratory function following canine heart-lung transplantation (Feeley et al), 558
further cardiac transplant procedures in patients with heterotopic heart transplants (Novitzky et al), 149
Legionnaires' disease after heart transplantation (Fuller et al), 308
use of glycerol-preserved homologous dura mater grafts in cardiac surgery, Southampton experience (Osinowo and Ross), 367
Transposition of great vessels, surgery
baffle obstruction following the Mustard operation (Ebert), EDITORIAL, 103
baffle obstruction following the Mustard operation, cause and treatment (Kron et al), 112
Tricuspid valve, abnormalities
new surgical technique for orthoterminal correction, experimental development (Fantidis et al), 450
technique of the Fontan procedure with posterior right atrium–pulmonary artery connection (Molina et al), 371
Tricuspid valve, surgery
tricuspid commissurotomy (Revuelta et al), HOW TO DO IT, 489
tricuspid valve replacement (Del Campo), CORRESPONDENCE, 98; reply (Singh), CORRESPONDENCE, 99
ventricular exclusion during Fontan operation, evolving technique (di Donato et al), HOW TO DO IT, 283
Tricuspid valve insufficiency
tricuspid commissurotomy (Revuelta et al), HOW TO DO IT, 489
Tricuspid valve stenosis
single ventricle (single- or double-inlet) complicated by subaortic stenosis, surgical options in infancy (Jonas et al), 361
Truncus arteriosus, surgery
truncus arteriosus with interrupted aortic arch, report of a successful surgical repair (Davis et al), CASE REPORT, 82
Tuberculosis, miliary
reversible total esophageal exclusion (Lewis and Sisler), CASE REPORT, 476
Tuberculosis, pulmonary
surgical management of symptomatic pulmonary aspergilloma (Battaglini et al), 512

Ulnar nerve, injuries
ulnar nerve injury with open-heart surgery (Wey and Guinn), 358
Uterine neoplasms
resection of pulmonary metastatic choriocarcinoma in 43 drug-resistant patients (Xu et al), 257

Vascular resistance
what is pulsatile flow? (Wright and Furness), EDITORIAL, 401
Vena cava, superior
permanent pacing through a persistent left superior vena cava, approach and report of dual-chambered lead placement (Westerman et al), CASE REPORT, 174
Vena cava, superior—surgery
baffle obstruction following the Mustard operation (Ebert), EDITORIAL, 103
baffle obstruction following the Mustard operation, cause and treatment (Kron et al), 112
Verapamil
prophylaxis of supraventricular tachyarrhythmia after bypass surgery with oral verapamil, randomized, double-blind trial (Davison et al), 336
rebound vasospasm after coronary bypass grafting (Grey), CORRESPONDENCE, 292; reply (Engelman), CORRESPONDENCE, 292
verapamil potassium cardioplegia and cardiac conduction (Hicks and DeWeese), 324

Wounds, nonpenetrating
blunt traumatic rupture of the right hemidiaphragm, experience in 12 patients (Estrera et al), 525
risk factors for survival following surgical treatment of traumatic aortic rupture (Sturm et al), 418
traumatic diaphragmatic hernia, continuing challenge (Brown and Richardson), 170
traumatic rupture of the aorta, emergency operation (Pate), 531
Wounds, stab
Ludwig Rehn, first successful cardiorrhaphy (Blatchford), CLASSICS IN THORACIC SURGERY, 492
